A photograph of a beach at sunset. The sun is low on the horizon, creating a bright glow and long shadows. The sand is dark and has several footprints leading away from the viewer towards the water. The sky is a mix of orange, yellow, and dark blue.

"I found sharing with others my feelings and emotions in a time of grief really helpful. With the support of group leaders we discovered we were able to help each other at a difficult time."

"MK Community Foundation are honoured to support Gentlespaces with an emergency appeal grant enabling them to set up a number of support groups across Milton Keynes. Coping with grief and loss is a challenge for many of us, and the Covid-19 pandemic has heightened this for many members within our community. Gentlespaces bereavement support groups are a very welcome addition within the Milton Keynes community."
